

Kids Against Hunger®

Feeding families around the world...and around the corner.

January 31st, 2010

Dear Kids Against Hunger Team...

I work with an organization called Amer-Haitian Bon Zami. We have an orphanage in Port-au-Prince, Haiti called House of Hope, and our orphanage is a distribution site for Kids Against Hunger. We are able to provide our neighborhood with meals thanks to your organization.

I have unloaded countless numbers of Kids Against Hunger boxes, but it wasn't until this month that I had truly appreciated all that your organization does to help those in need.

I was in Haiti at the time of the earthquake. The 25 girls living at our orphanage are fine, but our home was damaged. Though I have been asked to return to the states (due to safety concerns), our girls are still living in a cornfield.

Thanks to Kids Against Hunger, I have no doubt that our staff will have not only enough to feed our girls, but also the families that live nearby.

Thank You.

-Bethany Austin
